

Auptimate Task Explanation

Task 1:

A workable code with db is provided. A readme.md file is also given on how to build and run the code

Task 2:

1. Rather than giving a pseudocode, a TS file is provided for the algorithm code.

- <https://github.com/hridoymahmud71/auptimate-tasks/blob/master/task-2/algorithm.ts>

2. Additionally an explanation markdown file is also provided with it

- <https://github.com/hridoymahmud71/auptimate-tasks/blob/master/task-2/explanation.md>

Task 3 :

1. A diagram for high level structure is provided

- <https://github.com/hridoymahmud71/auptimate-tasks/blob/master/task-3/diagram.png>

2. An explanation for the diagram is provided

- <https://github.com/hridoymahmud71/auptimate-tasks/blob/master/task-3/explanation.md>
